OUT-OF-TOWN ORDERS

Please help us order your gown correctly - visit a bridal salon or seamstress to have your measurements taken professionally. Compare your bust, waist, and hip measurements to the size chart provided and choose the size closest to your measurements. The chart is specific to your gown and may not reflect your normal dress size. If your measurements fall between sizes, we recommend ordering the larger size, as it is easier to take in a gown than let it out. If you have any questions about choosing your size, please do not hesitate to contact Bella Rosa so we may help guide your selection.
